At our campus in Palmerston North we currently have students from around 20 different countries including Australia, China, Indonesia, India, Sri Lanka, Japan, Nepal, Russia, Taiwan, Thailand, Uzbekistan and Vietnam. Students from these countries study and live together in halls of residence and comprise a truly international campus.

IPU New Zealand provides interdisciplinary programmes, quality teaching and personalised individual support in a friendly learning environment. We have a beautiful campus set in park like grounds, and superb facilities including a library, recreation centre, tennis courts, computer laboratories, a dining hall and 10 halls of residence.

International and New Zealand staff advise and give guidance to students on personal as well as academic matters, and provide the linguistic and other assistance students may require.

Because classes are small (20 students per class on average), you receive individual attention from friendly and supportive staff. Students are given individualised support, yet provided with the opportunity to gain independence.

By studying at IPU New Zealand, you will have a number of advantages such as:

Any refund will be transferred either to another provider as agreed to by the student or to the student or the student's parent or legal guardian or to StudyLink.

### 7.3 Refunds as a Result of a Change in Residency Status

If an international student gains Permanent Residency during their programme of study, there is no refund for the current term of study. However, a refund will apply for the subsequent terms of study under the following conditions:

- i) Residency is granted two months prior to the subsequent term of study; and
- ii) IPU New Zealand has not exceeded its domestic EFTS allowed by the TEC.

#### 7.4 Definitions

“Paid fees” includes any tuition, facility, accommodation, textbook, application/enrolment, examination, and orientation fees paid by student before withdrawal.

“Pro rata refund” is a partial refund for the portion of time paid for that remains after the withdrawal date. The pro rata refund for accommodation will be calculated based on full months only. This means for example, a student who had paid until November that withdraws in mid-July would be refunded the August-November accommodation. The pro-rata refund for facility fee is calculated by semester.

“Tuition fees” refers to the amount paid for one year’s full time study (from the point of entry).

“Full notification” refers to the submission of all paperwork required by the Institute as part of the withdrawal process.

“Course start date” The date the term/semester starts in the individual student’s academic year eg. Semester 1 start date for an April entry student.

“Date of withdrawal” will be taken as the date upon which full notification was received or the final date of class attended or the date upon which the student checked out of their on-campus room (whichever is the later).

#### 7.5 Short Course Refunds

For short courses over five weeks but less than three months, where a student withdraws within five working days the student can expect a seventy-five percent refund.

For other short programmes less than five weeks long, where a student withdraws within two working days of the course start date the student can expect a fifty percent refund.

#### 7.6 Bond

A student living in an Institute-provided accommodation facility must deposit a bond to cover any damage or loss to the Institute’s facilities. Bond will be refunded according to the Institute’s Refund Policy after a student graduates, withdraws or moves off campus. Bond will not be refunded for leave of absence students. Accommodation bond refund is subject to a satisfactory room inspection. Application for refund must be made within 30 days of departure.

#### 7.7 Date of Refund

Within 5 days, where student has given full notification of withdrawal. Allow 28 days for all other cases, e.g. overpayment, bond
